# Welcome

## Message from Pat Halpin-Murphy

*President & Founder, PA Breast Cancer Coalition*

Since 1993 when we founded the PA Breast Cancer Coalition, breast cancer survivors, medical professionals, community leaders and government, labor, and industry leaders have joined us in our efforts.

In this, our 20th year, we are resolute in our commitment to continue to fund research to find a cure and, until that cure is found, to be the voice for breast cancer survivors in Pennsylvania.

Together we have dedicated our lives to the mission of "finding a cure now ... so our daughters won't have to." Our highly acclaimed outreach programs include **Friends Like Me™**, our traveling photo exhibit **67 Women, 67 Counties: Facing Breast Cancer in Pennsylvania**, **Refunds for Research**,

the PA Breast Cancer Coalition Conference, and our FREE online course for nurses, social workers and breast cancer advocates.

Because of YOUR support, we were able to announce that the **PA Breast Cancer Coalition's Breast Density Notification Act is now law**. With Governor Tom Corbett's signature, the bill requires mammography facilities to notify women who have dense breast tissue. Dense breast tissue increases a woman's risk of being diagnosed with breast cancer at a later, more dangerous, less treatable stage. It's because of women and families across PA standing up and saying "We need this information" that we were able to get this bill through the Senate and House and to the Governor for his signature. Thank you for all your hard work!

The PA Breast Cancer Coalition was formed in 1993 by a dedicated, active and effective group of breast cancer survivors who had one common mission: to find a cure for breast cancer. Every program, event and campaign is carried out with that goal in mind. Today, the PBCC is the source of action and information for Pennsylvania women with breast cancer and their families. On behalf of all women in Pennsylvania, and especially our daughters and granddaughters, I thank you for all that you do to help us reach that goal.

*PBCC: 20 Years Strong!*

## Dense Breast Notification Act Legislation

*Governor Tom Corbett (center) accepts a necktie from Pat Halpin-Murphy as a token of the PBCC's appreciation for his support of the Breast Density Notification Act. Joining the Governor at the bill signing were sponsors Rep. Karen Boback (seated left) and Senator Robert Mensch (seated right).*

### **The PBCC is the voice of change.**

In our 20th anniversary year, the PBCC achieved yet another legislative victory for the women of Pennsylvania. Dense breast tissue appears white on a mammogram, and since cancer also shows up white on a mammogram, the tissue can mask the cancer. This increases a woman's risk of being diagnosed with breast cancer at a much later, more dangerous, less treatable stage. The Dense Breast Notification Act requires mammography facilities in Pennsylvania to notify women of their breast density. Governor Corbett signed the bill into law in November 2013. The Dense Breast Notification Act, the PBCC's sixth legislative change, will save countless lives.

This victory would not have been possible without the leadership of bill sponsors Senator Robert Mensch and Representative Karen Boback and all of the work of PBCC advocates throughout Pennsylvania who contacted their state legislators asking support for this legislation. Thank you for helping the PBCC take another step forward in finding a cure for breast cancer now...so our daughters won't have to.

# Programs

## PA Breast Cancer Coalition Conference

***The PBCC is knowledge, and knowledge is power.***

Our 20th anniversary year conference celebrated some incredible achievements related to breast cancer. Nearly 1,000 attendees learned about inherited genetics, nutrition, inflammatory breast cancer, dense breast notification and screening strategies, personalized cancer treatment, and much more from a wide range of experts in the field.

The \$10,000 Potamkin prize was presented to Dr. Dennis Slamon, world-renowned for discovering the groundbreaking treatment known as Herceptin. With the support of sponsors and donors to our scholarship fund, registration fees are never a barrier for any individual to attend the conference and benefit from the education, inspiration, and camaraderie.

### **2013 Awardees**

#### **POTAMKIN**

*The Potamkin Award carries a \$10,000 stipend and is presented to an outstanding leader in the breast cancer community.*

#### **Dennis Slamon, M.D.**

World-renowned for discovering the ground-breaking treatment known as Herceptin, Dr. Slamon has devoted his life to finding a cure for cancer.

#### **PINK RIBBON**

*The Pink Ribbon Award is given to individuals who demonstrate outstanding leadership in breast cancer research, education, treatment and advocacy.*

#### **Mindy Gray**

Mindy Gray is a philanthropist and activist working to ensure women in the U.S. receive cutting-edge treatment for both breast and ovarian cancers.

#### **Jeanne Schmedlen**

From day 1 in 1993, Jeanne has worked tirelessly to promote breast cancer awareness. As a breast cancer survivor and PBCC Board Member, Jeanne has served as an author, activist, motivator and advocate.

#### **SHINING LIGHT**

*The Shining Light Award is presented annually for community grassroots leadership in the field of breast cancer research, education, outreach and advocacy.*

#### **Westmoreland Walks**

The annual Westmoreland Walks: Taking Steps Against Breast Cancer event raises thousands of dollars for women and families in PA.

# Programs

## Refunds for Research

### **The PBCC is hope for a cure.**

The PBCC was founded 20 years ago with the goal of “finding a cure now ... so our daughters won’t have to” and research is the key to reaching that goal. In 1997 we launched Refunds for Research, allowing state taxpayers to donate their refund to research for breast and cervical cancer. Every penny raised through the Refunds for Research campaign goes directly into the hands of promising researchers working in Pennsylvania to find that cure.

Three grants awarded in 2013 bring the total number of Refunds for Research grants to 71, with over \$3 million going directly into the hands of researchers across Pennsylvania.

### 2013 Refunds for Research Grantees

#### **Dr. Roger Greenberg**

University of Pennsylvania

*Ubiquitin Regulated DNA Repair and Breast Cancer Biology*

#### **Dr. Hannah Rabinowich**

University of Pittsburgh

*A Novel Toggle Mechanism between Apoptosis and Autophagy in the Service of Breast Cancer Therapy*

#### **Dr. Ramin Shiekhattar**

The Wistar Institute

*Title: Elucidating the function of breast and ovarian cancer susceptibility genes*

# 67 Women, 67 Counties: Facing Breast Cancer in PA

*Funding for this project is provided by the PA  
Department of Health*

## **The PBCC is inspiration.**

The first program that the PBCC created 20 years ago was the traveling photo exhibit "67 Women, 67 Counties: Facing Breast Cancer in Pennsylvania," featuring pictures and quotes from at least one woman from each county who has battled breast cancer. The exhibit kicked off at the State Capitol Rotunda in Harrisburg in 1993 and it has been going strong ever since. This inspirational exhibit has consistently had a waiting list of potential host sites.

The PBCC builds committees from local groups who host the exhibit for ten days in a public forum to maximize exposure. In 2013, "67 Women, 67 Counties: Facing Breast Cancer in Pennsylvania" traveled to six communities across the state, bringing with it its message of courage, hope and dignity.

## **2013 Exhibit Hosts**

**Sharon Regional Health System**, Mercer County  
**UPMC Hillman Cancer Center**, Allegheny County  
**PA State Capitol Building**, Dauphin County  
**Sacred Heart Hospital**, Lehigh County  
**SEPTA Market East Regional Rail Station**,  
Philadelphia County  
**Geisinger Medical Center**, Montour County

# Programs

## Patient Advocacy

### ***The PBCC is a shoulder to lean on.***

The PBCC patient advocate provides personal, individual support for breast cancer patients, guiding them through the maze of complicated issues they are facing. While a breast cancer diagnosis is the common thread, each person's situation is unique with questions that might be difficult to find answers for without a one-on-one conversation. During 2013, over 280 women spoke with our patient advocate for information about what programs they might qualify for and how to access them. Each one of them knew at the end of the phone call that they did not have to face their breast cancer alone.

To contact the PBCC's Patient Advocate call 1-800-377-8828 x3020

---

*PBCC: 20 Years Strong!*

## *Friends Like Me™*

### ***The PBCC is support.***

Over the past 20 years, the PBCC has listened to women's concerns and responded. When a woman hears the words "you have breast cancer," she has so many questions and we have put the answers together for her. We gathered all the information a woman newly diagnosed with breast cancer looks for ... what questions to ask her doctor, what to expect next, treatment options available to her, and then package it all in a bright pink box and ship it directly to her front door. In 2013, the PBCC sent 554 Friends Like Me™ care packages across the state at no charge to the newly-diagnosed woman or the friend or family member ordering it for her. A remarkable number of Friends Like Me™ care package recipients respond in our survey with, "Now I know I'm not alone."

# *Free Treatment & Full Medical Coverage Online Course*

## ***The PBCC is education.***

Today in Pennsylvania, because of the efforts of the PBCC and our grassroots advocates, uninsured women of low or moderate income who are diagnosed with breast cancer can get FREE TREATMENT through the Commonwealth of Pennsylvania's Breast and Cervical Cancer Prevention and Treatment Program (BCCPT). Women who qualify for this coverage can receive free healthcare, including healthcare for medical needs unrelated to a breast or cervical cancer diagnosis, throughout their course of treatment for cancer or a pre-cancerous condition of the breast or cervix. But what if a woman who would qualify for BCCPT couldn't access the program because her medical team didn't have the details about it? The PBCC answered that question with an online course available any time on our website. Anyone interested in learning about BCCPT can take the course, but nurses and social workers are given FREE continuing education credits on completion. Over 1,117 patients, survivors, advocates, nurses, and social workers have taken the course.

---

# *Insurance Guidebook Breast Cancer: Covered or Not*

## ***The PBCC is information.***

The PBCC insurance guidebook "Breast Cancer: Covered or Not" informs the readers about what insurers are required by law to cover, how to proceed after a claim is denied, and what employment protections there are. With this book in hand, a woman newly diagnosed with breast cancer has the tools to guide her to a better understanding of insurance so that she can concentrate on healing. The book is now in libraries, hospitals, and legislators' offices across Pennsylvania and is available for free download on our website.
