

Finding a cure now...
so our daughters won't have to.

Pat Halpin-Murphy, President & Founder, PA Breast Cancer Coalition

The PA Breast Cancer Coalition (PBCC) is in need of individuals to serve this year on our panel as Scientific Research Reviewers and Consumer/Lay Reviewers. You have either served as a Scientific Research Reviewer or Consumer/Lay Reviewer in the past or have expressed an interest in serving as either a Scientific Research Reviewer or Consumer/Lay Reviewer.

Each **Scientific Reviewer** will be assigned a designated number of grants/proposals to review and will write short critiques on the following:

- Scientific Relevance
- Impact
- Innovation
- Research Strategy
- Research Environment
- Feasibility and Timeline
- Budget
- Principal Investigator and Personnel

Each **Consumer/Lay Reviewer** will be assigned a designated number of grants/proposals to review and will write a short critique on the following:

- Impact

Consumer/Lay Reviewers are required to read the full application and are encouraged to comment on all criteria if you feel you have the knowledge and feel comfortable in doing so.

Each assigned reviewer will be asked to present their critique(s) focusing on major, score driving strengths and weaknesses.

Once we have a confirmation of your willingness and availability to serve on the Review Committee, we will email each of you the Conflict of Interest (COI) that you will need to complete and email the signed COI to my attention.

At that time we will also be emailing to you the Reviewer Manual/Guidelines for your review. Please read and become familiar with the material since this is the information you will need to begin and complete your review process for the Grant/Proposal Program.

Grants/Proposals will be mailed to you around **August 14, 2020**. Your score sheets with your written critiques will need to be returned by **September 11, 2020**.

We look forward to hearing from each of you by **Tuesday June 23, 2020** with your availability of serving on the Review Committee. If you have any questions or concerns please let us know.
